***Allowable Subject Matter***

1. **Claims 1-30** are allowed.

***EXAMINER'S AMENDMENT***

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

3. Authorization for this examiner's amendment was given in a telephone interview with Attorney of Record John J. Oskorep (Reg. No. 41,234) on Aug 16, 2007.

4. The application has been amended as follows:

In the Claims: **Claims 1, 11 & 21** have been amended.

5. **Claim 1 (Currently Amended)**

Line 22 "method is based the" has been replaced with "method is based --on--the".

6. **Claim 11 (Currently Amended)**

Line 25 "method is based the" has been replaced with "method is based --on--the".

7. **Claim 21 (Currently Amended)**

Line 26 "method is based the" has been replaced with "method is based --on--the".

***Reasons for Allowance***

8. The following is an examiner's statement of reasons for allowance: Claims 1-30 are allowable over the prior art of record.

9. The closest prior art, Gopiknath (US PG Pub. No. 2003/01299771) discloses a network selection table used for system identification in a wireless communication network for the purpose of selection of a suitable wireless communication network for communication. Gopiknath further discloses associating the network selection table with various classes of service from which a suitable communication network is selected for the application running on the wireless device. Gopiknath further discloses searching and discovering communication networks in the coverage area of the mobile device as well as selection of the communication channel based on the traffic class of the service required by the mobile device.

10. Gopiknath does not teach, suggest, or render obvious the specific combination of a method, a system, or a computer product for use in a mobile communication device for selecting a wireless communication network for communications comprising the acts of: maintaining access to a plurality of network selection tables in memory, each network selection table corresponding to one of a plurality of traffic classes associated with quality of service criteria and including a plurality of system identifications.

11. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
